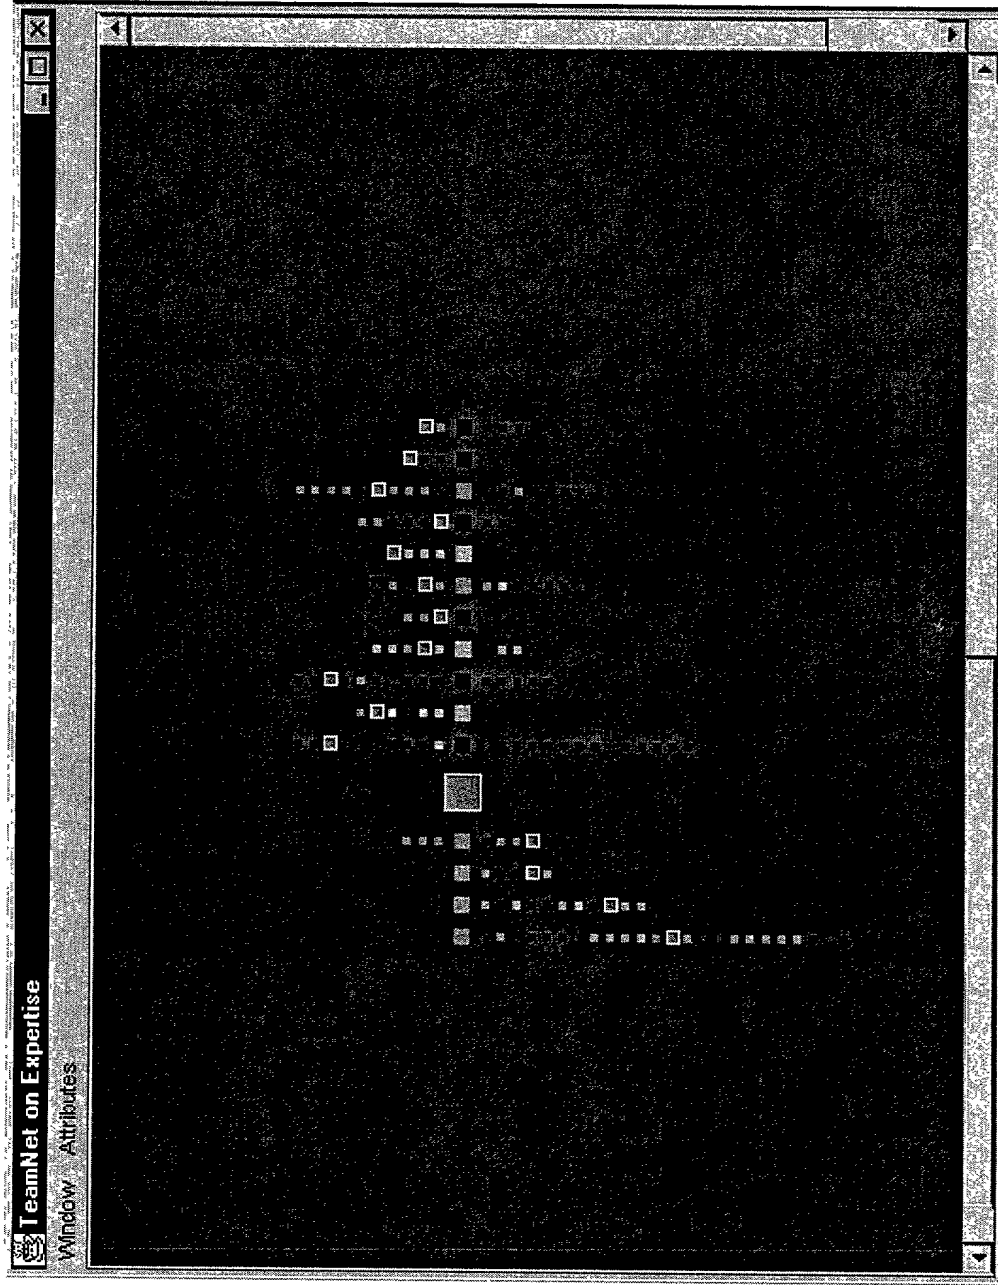

Figure 5

Figure 6

The screenshot displays the TeamNet v1.02c software interface. At the top, a menu bar includes 'File', 'Attributes', and 'Tools'. Below the menu bar, a title bar reads 'TeamNet v1.02c © 1999 J.P. Morgan & Co.'. The main window features a network diagram with four nodes connected by lines. Each node is represented by a pie chart. A legend in the bottom-left corner identifies the segments of the pie charts: 'SALES' (white), 'IRM' (black), 'CM' (gray), 'CAP MKTS' (dark gray), and 'RESEARCH' (light gray). The nodes are arranged in a square pattern, with lines connecting them to form a network. The nodes are labeled with numbers 1, 2, 3, and 4. Node 1 is at the top-left, Node 2 is at the top-right, Node 3 is at the bottom-left, and Node 4 is at the bottom-right. The network diagram shows connections between all four nodes, forming a complete graph. The pie charts for each node show different proportions of the five categories. For example, Node 1 is mostly white (SALES), while Node 2 is mostly black (IRM). Node 3 is mostly black (IRM), and Node 4 is mostly gray (CM). The network diagram also includes a small pie chart at the top-right corner, which is mostly white (SALES). The background of the window is a light gray grid.
